Independence Day

To commemorate our 72nd Independence Day, commUnity the subject society of the Department of Commerce , Deen Dayal Upadhyaya College, University of Delhi organised a programme on 14th August 2018.

To start with the programme, the National Flag was digitally unfurled with the National Anthem in the background which filled the audience with patriotism and fervour. Some students from the department presented a composition that evoked a sense of pride for our Mother Nation.

On this day, we talk about freedom in respect to India and its freedom from the British Colonial Rule. But, freedom has a different meaning for everyone. Going on with this theme, a student of commUnity did a recital of a self composed poem on 'What Freedom Means To Me'. Each word of the poem mirrored the emotions of the student that she had while writing the poem and strung the deepest chords in the heart of the audience.

The Advertising students also presented a presentation using a power-point presentation and placards showing what freedom meant to them. It was overwhelming to see how a seven letter word could mean a different things for different people.

15th August is a reminder of the sacrifices of various freedom fighters that had a huge role to play in India's independence. In return to their valiant acts for our motherland, we should try to gift them the nation they dreamt of.
