Dear Students,
Welcome to the DDUC Parivar,

As the new academic session starts off, our commitment to usher in new ideas, guide students in achieving their goals, and secure the future of this country grows stronger. The competition each one of us faces today is immense as well as complex. It has become a prerequisite to focus on multiskilling, creating a vast talent pool, and transform our students into men and women of thought and action. To accomplish this, we have designed the learning and teaching process in a manner that our students acquire the ability to navigate through the winds of change in a sustainable, responsible and inclusive manner.

Established in 1990, our college is named after Pandit Deen Dayal Upadhyaya, a visionary thinker, author, translator, reformer, journalist and leader, all rolled into one. Deendayalji stressed that education should focus on fulfilling the needs of the body, mind, intellect, as well as the soul. This is necessary to achieve holistic progress of students. Our college inculcates in students core values like compassion, honesty, dedication towards the nation and makes them responsible citizens. At our institution, a seamless balance between academic and co-curricular activities is ensured to promote lifelong learning. The College has 26 societies that you can be a part of, learn life skills and groom your personality. Our laurels in sports are well known. Our green campus and award-winning infrastructure complete this picture.

I feel proud to share that our college is ranked among the top institutions of the country. In the National Institutional Ranking Framework (NIRF 2024) ranking, released by the Ministry of Education, Government of India, our college has been ranked as the 26th best college in India. In India Today-MDRA Ranking for the year 2025, our college has secured 13th in science, 18th in Commerce, 12th in Management and 38th position in Arts colleges in India respectively. Recently, we have purchased 350 desktops, 220 laptops and prepared 20 Labs. equipped with smartboards for the convenience of students. We believe in the democratization of knowledge and social outreach programmes. Our college has collaborated with schools located in remote areas and we conduct workshops for skill building of their teachers. By adopting this practice, we contribute to the overall development of society.

In the present scenario, as India has solidified its position as a global power following the stupendous success of Operation Sindoor, I congratulate all the students who will become a part of this journey of technology-enabled processes and digital innovation and will make a difference in the world. My best wishes for your bright future!

NOTES

1. **Entry level eligibility:** The general feeder category for entry into Level 5 is the Secondary School Leaving Certificate obtained after successfully completing Grade 12. A programme of study leading to entry into the first year of the Bachelor's degree is open to those students who have met the entrance requirements, including specified levels of attainment at the secondary level of education mentioned in the programme admission regulations. Admission to the Bachelor degree programme of study is based on the evaluation of documentary evidence (including the academic record) of the applicant's ability to undertake and complete a Bachelor's degree programme which is specified in the UGC Guidelines for Multiple Entry and Exit Scheme in Academic Programmes Offered in Higher Education.

2. **Number of hours of a credit course:** It shall be defined by its component of lecture, tutorial and practical.

3. Every student has to study "Environmental Science and Sustainable Development" courses I and II of two credits each in the first year (I/II semester) and the second year (III/IV semester), respectively. The AEC pool will also consist of credit courses in languages listed in the Eighth Schedule of the Constitution of India, as updated from time to time. The University of Delhi shall extend necessary support to those Colleges (where faculty is not available) which may require it in course of teaching learning in these languages.

4. **Design of degrees:** Students shall be able to design their own degrees according to their mission and aspiration for a future befitting to their ability and attainment, rather than following the conventional pathway.

5. A student who pursues three years undergraduate degree programme in a specific discipline as a Core course [for example, B. A. (Honours) English, B. Com (Honours), B. Sc. (Honours) Physics and such other Programmes] will earn at least 80 credits in that discipline (from 18 DSCs and at least 2 DSEs of that discipline) and shall be awarded Honours degree in that discipline, if he/she exits after completion of VI semester.

6. A student who pursues three years undergraduate degree programme in more than one discipline as core courses of study (for example B.A. in Social Sciences/ Humanities, B.Sc. in Life Sciences, B.Sc. in Physical Sciences, B.Sc. in Mathematical Sciences, Bachelor in Commerce Studies and such other programmes) he/she shall be awarded Bachelor's degree in that field of multidisciplinary course of study, if he/she exits after completion of VI semester.

7. If a student wishes to pursue four years Honours Degree with research, he/she shall compulsorily opt for a Research Methodology course in either VI Semester or VII Semester as GE.

8. **Dissertation/Academic Project/Entrepreneurship** in the 4th year shall commence from VII semester and conclude in VIII semester. Detailed outcomes of each track chosen out of these three options shall be notified and assessment at the end of VII and VIII semesters shall be done accordingly.

9. **Dissertation** may be written in the Major or Minor or Interdisciplinary (combination of Major and Minor) discipline.

10. If a student mentioned at (6) above continues or re-enters the fourth year for pursuing an Honours degree in that field of multidisciplinary study, he/she has to choose only one of the disciplines he/she had studied as core courses of study in the previous six semesters and earn credits from the 2DSCs and 6DSEs of that chosen discipline in the VII and VIII semesters and write dissertation or opt for Academic Project or Entrepreneurship.

11. If a student mentioned at (5) above, continues or re-enters to study the VII and VIII semesters in the same discipline, and writes dissertation mentioned at (9) above, but no Minor discipline is made out (i.e., credits earned in the GEs of any one discipline is less than 28 credits), then he/she shall be awarded 'Honours with Research' with Major in that discipline on successful completion of VIII Semester.

12. A student mentioned at (6) above, shall be awarded 'Honours' degree in that field of multidisciplinary study on successful completion of VIII semester. For example, B.A. (Honours) Social Sciences/ Humanities, B.Sc. (Honours) Life Sciences, B.Sc. (Honours) Physical Sciences, B.Sc. (Honours) Mathematical Sciences and Bachelor in Commerce Studies (Honours). Major and Minor shall be indicated on fulfilment of the conditions mentioned above at III(2)(b) and III(3)(b), respectively. For instance, a student who pursues four years B.A. (Honours) in Social Sciences/ Humanities with History, Political Science and Hindi as core courses, shall get Major in History, on successful completion of VIII semester, if he/she earns minimum 80 credits in History from 8 DSCs and at least 9 DSEs of History and writes dissertation on a topic related to History. Such a student shall get a Minor in Political Science/Hindi, if he/she earns minimum 28 credits from 6 DSCs and one DSE of Political Science/Hindi.

13. Only a student mentioned at (5) above who opts to write a dissertation in the Major/Minor subject in VII and VIII semesters in the fourth year, shall be awarded 'Bachelor of Field of Study/Discipline (Honours with Research) in Discipline'. For instance, a student who pursues B.Sc. (Honours) in Physics and writes a dissertation on a topic relating to Physics or the Minor in VII and VIII semesters, shall be awarded 'Bachelor of Science (Honours with Research) Physics. Major and Minor shall be indicated on fulfilment of the conditions mentioned above at III(2)(a) and III(3)(a), respectively.

14. A student who opts for 'Academic Project' or 'Entrepreneurship' in VII and VIII semesters, instead of writing dissertations, and has earned 28 credits in the relevant GEs, SECs, AECs & IAPC, shall be awarded Minor in Academic Project or Entrepreneurship, as the case may be. 'Bachelor of Field of Study/Discipline (Honours with Academic Project/ Entrepreneurship) in Discipline (Major) & Academic Project/ Entrepreneurship (Minor)'. If he/she is unable to earn the requisite 28 credits, he/she shall be awarded 'Bachelor of Field of Study/Discipline (Honours with Academic Project/ Entrepreneurship) in Discipline (Major).

15. A student who pursues four-year undergraduate degree programme shall be awarded after completion of the VIII semester an appropriate degree.

16. **Exit Options:** The minimum credit to be earned by a student per semester is 18 credits and the maximum is 26 credits. However, students are advised to earn 22 credits per semester. This provision is meant to provide students the comfort of the flexibility of semester- wise academic load and to learn at his/her own pace. However, the mandatory number of credits have to be secured for the purpose of award of Undergraduate Certificate/ Undergraduate Diploma/ Appropriate Bachelor's Degree in the field of Study/Discipline, to a student who chooses to exit at the end of even semesters.

17. The course code, number of credits, components of lecture, tutorial and practical, pre-requisites to be fulfilled for choosing that course and the department offering the course shall be spelt out for each course. A student should fulfil the pre-requisites of a course to be able to opt it for study.

Directives issued by the Hon'ble Supreme Court of India on Anti Ragging

Reference: Directives of the Supreme Court of India dated May 16, 2007 in SLP No(s) 24295 of 2006 University of Kerala Vs Council, Principal's, Colleges, Kerala & Ors (with SLP(C) No. 24296-99/2004 & WP. (Crl) No.173/2006 and SLP(C) No. 14356/2005) and Civil Appeal No. 887 of 2009 dated May 8, 2009.

The Hon'ble Supreme Court of India admitted and heard the above referred SLPs in relation to the menace of ragging in Technical Institutions/Universities/ Colleges in the Country.
In this connection a committee headed by Dr. R.K. Raghavan, Former Director of CBI, for giving specific recommendations on effective prevention of ragging in educational institutions was constituted by the apex court. Accordingly, the Committee had carried out a very detailed study on the various factors contributing for ragging and collected the public opinion. Further, the committee had submitted a detailed report with suitable recommendations and measures required to effectively curb the menace. The recommendations of the Committee were duly accepted and the following directives have been issued to all the educational institutes for necessary implementation by the Hon'ble Court. The Hon'ble Court issued further orders on the 2nd and 3rd report of the Raghavan Committee also.

The salient features of the report / order are summarized below:

I.   **Factors listed by the Committee**
   a) Primary responsibility for curbing ragging rests with academic institutions themselves.
   b) Ragging adversely impacts the standards of higher education.
   c) Incentives should be available to institutions for curbing the menace and there should be disincentives for failure to do so.
   d) Enrolment in academic pursuits or a campus life should not immunize any adult citizen from penal provisions of the laws of the land.
   e) Ragging needs to be perceived as failure to inculcate human values from the schooling stage.
   f) Behavioral patterns among students, particularly potential 'raggers', need to be identified.
   g) Measures against ragging must deter its recurrence.
   h) Concerted action is required at the level of the school, higher educational institution, district administration, university, State and Central Governments to make any curb effective.
   i) Media and Civil Society should be involved in this exercise.

II. Recommendations approved by the Supreme Court

1. The punishment to be met out has to be exemplary and justifiably harsh to act as a deterrent against recurrence of such incidents.

2. Every single incident of ragging where the victim or his parent/guardian or the Head of institution is not satisfied with the institutional arrangement for action, a First Information Report must be filed without exception by the institutional authorities with the local police authorities. Any failure on the part of the institutional authority or negligence or deliberate delay in lodging the FIR with the local police shall be construed to be an act of culpable negligence on the part of the institutional authority.

3. If any victim or his parent/guardian of ragging intends to file FIR directly with the police, that will not absolve the institutional authority from the requirement of filing the FIR.

4. In the prospectus to be issued for admission by educational institutions, it shall be clearly stipulated that in case the applicant for admission is found to have indulged in ragging in the past or if it is noticed later that he /she has indulged in ragging, admission may be refused or he/she shall be expelled from the educational institution.

5. It shall be the collective responsibility of the authorities and functionaries of the concerned institution and their role shall also be open to scrutiny for the purpose of finding out whether they have taken a effective steps for preventing ragging and in case of their failure, action can be taken; for example, denial of any grant-in-aid or assistance from the State Governments.

6. Anti-ragging committees and squads shall be forthwith formed by the institutions and it shall be the job of the committee or the squad, as the case may be, to see that the Committee's recommendations, more particularly those noted above, are observed without exception and if it is noticed that there is any deviation, the same shall be forthwith brought to the notice of this Court.

7. The Committee constituted pursuant to the order of this Court shall continue to monitor the functioning of the anti-ragging committees and the squads to be formed. They shall also monitor the implementation of the recommendations to which reference has been made above.
