Abs/Shek
21/10/24
Sir/Madam,

As desired by the Hon'ble LG, Delhi, please find enclosed herewith the samples of various brochures for students of schools/colleges/institutions etc, under your supervision, on cyber safety/cyber fraud etc and various other safety tips on Cyber bullying, cyber pornography, drug abuse, child bullying, human trafficking, online predator, sexting, sexual exploitation etc.

I hope these educational brochures are found useful and meaningful for creating awareness .

I am writing to propose the suitable and prominent display of these informative and creative posters/ banners/ hoardings/ leaflets etc , for enhancing security and safety awareness among students, all across your jurisdiction.

As you are well aware that educating the students about prevention of various crimes is essential for their safety, because, we increasingly rely on digital platforms for communication and education, the risks associated with cybercrime continue to rise. Young individuals are particularly vulnerable to various online threats, including cyber bullying, identity theft, and exposure to inappropriate content. By promoting awareness of these issues, we can empower students to navigate the digital world safely and confidently.

In this regard, it is further suggested that these schools / colleges: institutions etc may further collaborate with local police and cyber security experts to organise engaging and educational interactions that convey essential information on topics such as:

1. Recognizing and reporting cyber bullying.
2. Protecting personal information online.
3. Understanding the importance of strong passwords and privacy settings.
4. Identifying scams and phishing attempts etc.

Besides, this sample materials could be displayed in common areas such as hallways, libraries, and classrooms, etc ensuring that students and staff have constant access to crucial information. Additionally, workshops and seminars could be organized alongside the poster campaign to further educate students on these topics.

I believe that by prioritizing cyber safety education, we can create a safer online environment for our students and help them make informed decisions in their digital interactions.

For any further query/clarification, you may please contact to Shri Sanjay Tyagi, Addl. CP/ PRO having mobile No. 6828400210.

Thanks and regards

Yours faithfully,

(Sanjay Tyagi) IPS
Addl. Commissioner of Police,
PRO: Delhi
