## DDUC ACM STUDENT CHAPTER

## REPORT

### “Outreach Program at DIET Ghumanhera”

#### Under

#### DDUC ACM STUDENT CHAPTER

#### In Association with DIET Ghumanhera

### KEY HIGHLIGHTS:

- **DATE:** 27th September 2024
- **VENUE:** DIET Ghumanhera
- **NO. OF PARTICIPANTS:** 90-100 students
- **COORDINATOR FROM DIET:** Mr. Mithilesh
- **Faculty Sponsor, DDUC ACM Student Chapter :** Dr. Rajni Bala
- **DDUC ACM Team Members:**
  - Kunal Shokhanda
  - Sonu Kumar
  - Abhishek Tiwari
  - Ajit Singh
  - Yashraj
  - Karan Mahato
  - Divyanshu Yadav
  - Priyanka Sharma
  - Krishan
  - Yash
  - Shubhranshi Patwa

## **Introduction:**

On the 27th of September 2024, the DDUC ACM Student Chapter conducted an outreach program at DIET Ghumanhera. The primary focus of this program was to raise awareness about technology and enhance the presentation skills of DIET students, who are training to become future educators. As teaching requires strong presentation skills, we decided to introduce Canva, a powerful tool for designing and presentation.

## **Objective:**

The outreach program aimed to empower students with hands-on experience in using Canva, a versatile design tool, which can aid in various educational tasks such as creating presentations, posters, and resumes. The goal was to improve their proficiency in digital tools to help them in their future teaching careers.

## **Topics Covered:** Our session covered the following aspects of Canva:

- Getting Started
- Tools of Canva
- Templates and Styles
- Posters
- Documents
- Resume Building
- Image Editing
- Video Editing
- Logo Designing
- Presentation Design

These topics were chosen to provide a comprehensive overview of the tool's capabilities, ensuring the participants could explore various creative and functional possibilities using Canva.

## **Program Structure:**

The program consisted of interactive demonstrations and hands-on activities, allowing participants to create their own designs. The session was met with enthusiasm from the students, and the active participation reflected their eagerness to learn new skills.

## **Feedback and Participant Response:**

The feedback collected from approximately 90-100 students was overwhelmingly positive. Participants appreciated the content and delivery of the session. Some of the feedback includes:

"Very informative and useful for us." – **Alka Yadav**

"You were very much supportive. I felt no hesitation to ask questions. It was a helpful session for me." – **Komal**

"Good for my educational help work." – **Ankita Meena**

Students also provided constructive suggestions for improvement, such as focusing on time management and offering more in-depth learning opportunities.

## **Conclusion:**

The outreach program was a success, effectively enhancing the digital skills of DIET students. The event emphasized the importance of technology in education and left a lasting impression on the participants. The DDUC ACM Student Chapter looks forward to organizing more such events to further promote technical awareness and skill development among future educators.
