On 16th October, 2023, **Student Chapter of ACM, Deen Dayal Upadhyaya College** organized an **Industrial Visit** in collaboration with **Network Bulls.** Network Bulls (a well known networking and cybersecurity training institute based in India) invited students from our college for a **Cisco Networking Industrial Visit**.

The sessions taken by them were on networking fundamentals, followed by a practical hands-on session with routers and switches, where the students learnt about the practical aspect of the networking as well as the potential career which lies as a network engineer.

The professionals at Network Bulls focused on discussing the IP Addresses of devices, difference between IPv4 and IPv6, importance of classful and classes addressing (CIDR), OSI Model layers, routers, switches, and firewalls.

The students also experienced working with routers, and switches, as they configured the routers themselves and set their IP Addresses. The students also experienced the implementation of protocols like DHCP, ICMP, etc.

A grand total of 38 students were taken on this Industrial Visit, the details for the same are as follows -
