### 5. Should the term of the same cafeteria contractor be renewed next year?

34 responses

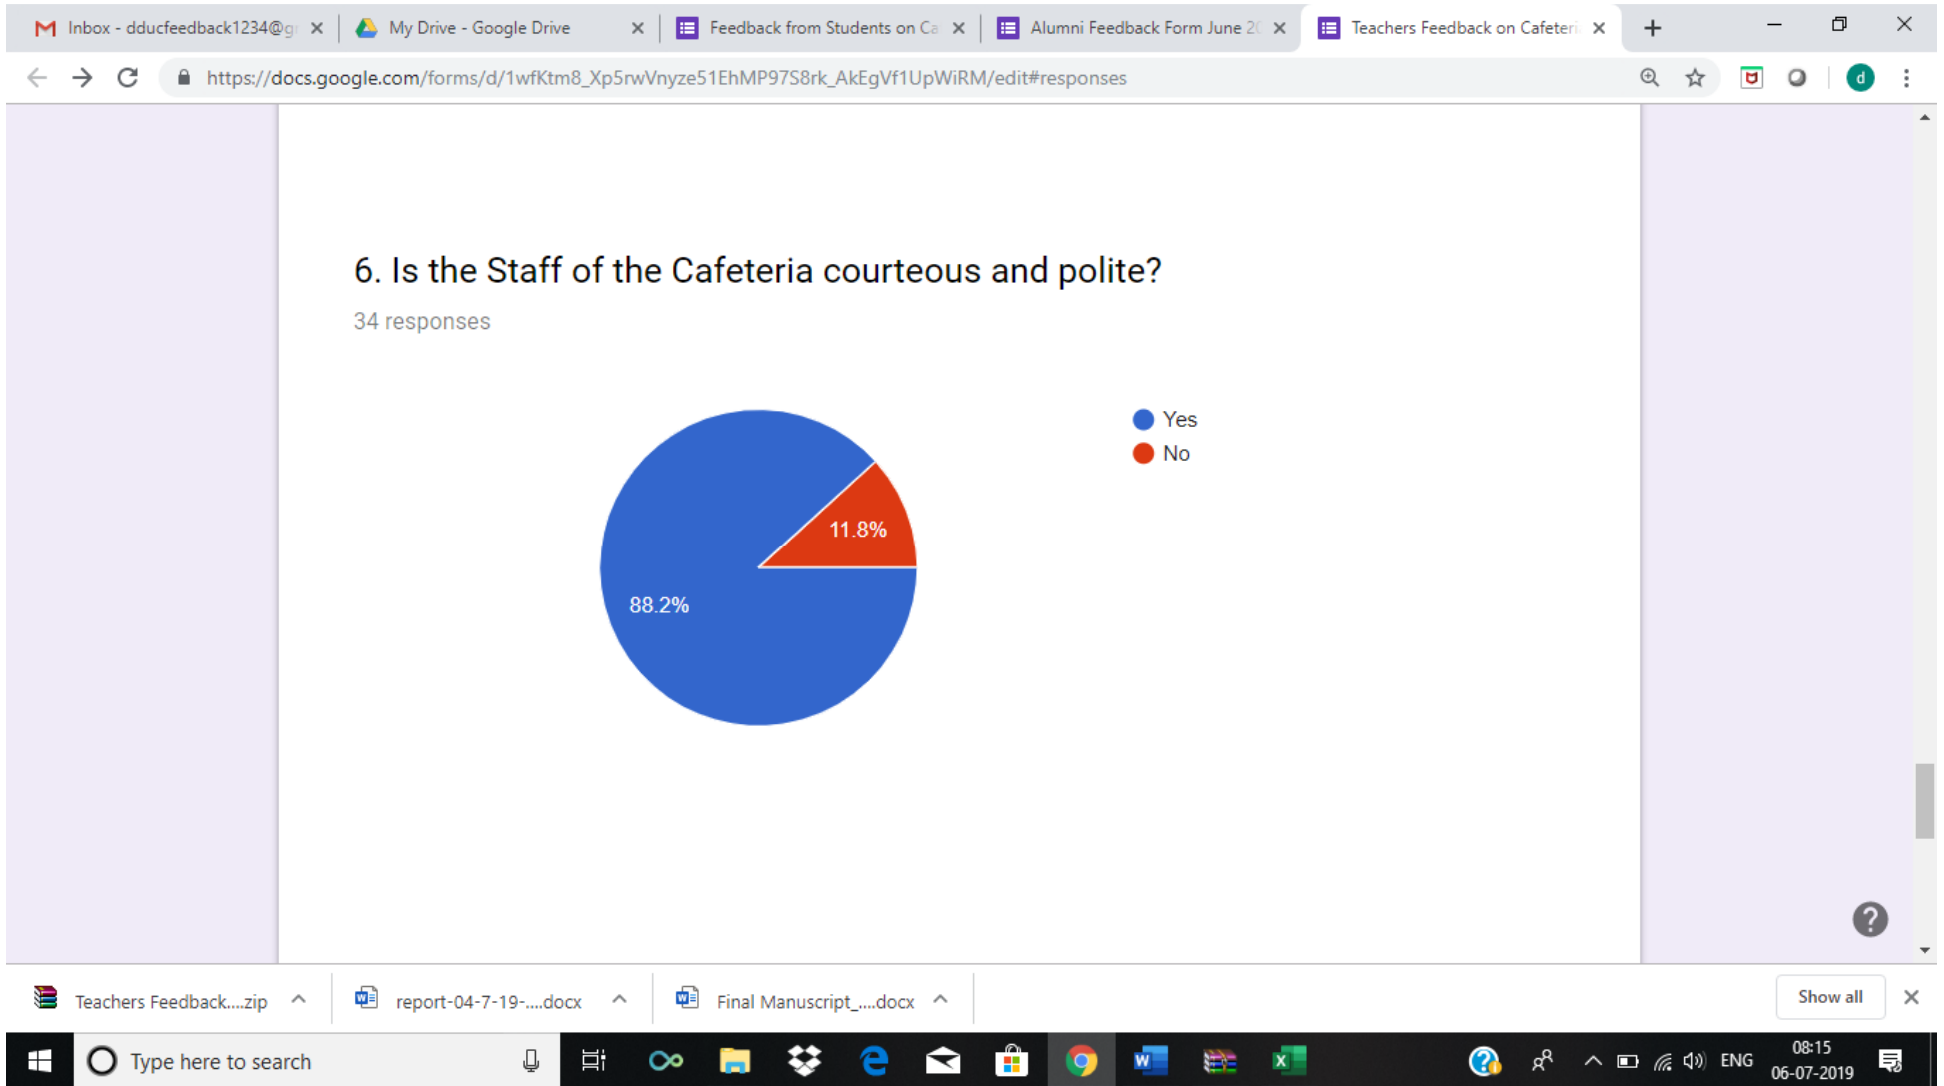

A pie chart displays the distribution of responses for the question. The chart is divided into two equal halves: a blue half representing 'Yes' at 50% and a red half representing 'No' at 50%. A legend to the right of the chart identifies the colors: a blue circle for 'Yes' and a red circle for 'No'.

Response	Percentage
Yes	50%
No	50%

## DDUC Teachers Feedback on Cafeteria June 2019

## List the short comings of the service provider currently managing the cafeteria

- We have to insist that they stop using disposable plastic bags and cutlery. They can have wooden spoons and paper bags for which they could charge extra.
- Unhealthy food
- We need to ensure that quality of the food provided is really good and healthy but if you choose contractor on the basis of the lowest quotes then quality is sacrificed.
- Canteen should have non-vegetarian items too. Also some fresh fruit juice counters and needed. The area specified for faculty should not be used by students.
- Some more eatables/variety of items should be included, a juice corner is lacking, a dedicated coffee counter may be included
- Service and quality of the food mainly as compared with last provider. That's why college and most of the depts consider hostel mess to organize food for events.
- Staff lounge not maintained properly. Needs more cleanliness.
- 1. His behaviour with the faculty is pathetic. Way of talking with us is very rough. 2. Quality of food is much below the satisfactory level. 3. Hygiene is a serious issue... but never maintained in this canteen.
- Waiting for long duration in front of the delivery counter is problematic. 2) Staff space is occupied by students who leave it littered.
- Hygiene and food quality should be improved ...
- Quality of Food served in veg. thali is very poor. The tables aren't cleaned.
- Satisfactory
- hygiene condine n more items in menu
- Quality of food and hygiene has not been taken care. Cafeteria looks dirty.
- Should improve service and quality of food. Service should be available through out the working hours of College.
- Rude in nature
- Food quality plus food options are not so good plus the canteen operator is not quite flexible with his options and dealing.
- Poor services, food quantity not good
- Items served are of poor quality. Packing material is of very unhygienic. Presentation is very poor when asked to serve during seminar etc.
- Should include some more healthy items in Menu. Quality of rice served in the cafe be improved
- The food quality for certain items needs to be improved and delivery of food at Staffroom n cubicles should be available
- Staff sitting area always occupied by the students, so there should be some mechanism to avoid this like venky collage
- Improvement is required in quality of food and service on a daily basis. Buffet services and food is satisfactory
- More food items should be included in the menu
