Sub: Proposal for Installation of Bicycle Shelter at Deen Dayal Upadhyaya College

Respected Sir,

This is with reference to the meeting held with you at your office at DDU College on 18th April, 2018. We, at Greenolution, are pleased to submit this proposal for installing the Cycle shelter at DDU College. We have reviewed all possibilities for a student friendly bicycle shelter at DDU College campus. Our team has crafted a practical approach to conducting an assessment of the feasibility of developing a bicycle shelter program at DDU College.

Goals

Greenolution will work in tandem with DDU College to start an eco friendly transport mode between the DDU campus and Greenolution Bicycle Sharing Stand at Dwarka Sector-14 metro station. We will work towards increasing the number of bicycle trips by:

- increasing the opportunities for cycling through ample provision of conveniently located and affordable bicycles for short term hire,
- making cycling attractive to people who do not have ready access to, or storage for, a bike;
- promoting cycling as a safe, quick, and convenient means to travel to campus

Greenolution will provide maximum support to organize annual cycle rally in campus in coordination with DDU COLLEGE.

Pedl - Smart Cycle sharing service) at Deen Dayal Upadhyaya College

Zoomcar Delhi <marketing.delhi@zoomcar.com>

To: dducollege@gmail.com, Deepak Mehra <deepak.mehra@zoomcar.com>

Mon, Apr 16, 2018

H:

Greetings from Zoomcar!

Deepak Mehra

Deepak Mehra

We would like to share Zoomcar cycle sharing proposal for **Deen Dayal Upadhyaya College**. We would like to provide our smart cycle sharing service to Deen Dayal Upadhyaya College for their last mile connectivity from metro to college as well as for internal campus commute.

We, at Zoomcar, have always been focusing on the urban mobility space through technology and innovation, thereby ensuring a stellar customer experience. Through the self-drive car rental services, Zoomcar has built a (car)sharing economy, thereby reducing the carbon footprint. After pioneering the self-drive car rental space, Zoomcar has now cast its lens on a more hyperlocal transport medium - The Cycle.

Introducing PEDL – A smart, affordable and environmentally friendly cycle sharing service for short trips (typically under 5 Km). PEDL lets you unlock its smart locks via an app click! It is a dock-less model which makes the pick up and drop off experience completely hassle free and super convenient. With the advance customized design built to suit cycle sharing service, our cycles are near zero maintenance thereby making operations manpower light. It also comes with an IoT smart lock which makes the complete cycle sharing process automated. All this while making our environment cleaner, greener and fitter!

Started around 8 months back, service is currently operational in Bangalore, Chennai, Kolkata, Navi Mumbai, Pune, Hyderabad, Jaipur, Udaipur and Lucknow. Keen on extending the services in Delhi-NCR, specially given the benefits it may offer to improve urban air quality and personal health, we intended to explore possibility of earmarking small area for pickup and drop off of bicycles at Deen Dayal Upadhyaya College.

PEDL service comes along with:

1. **IoMT Smart Locks** which can be unlocked through an App without any manual intervention
2. **Dockless stations** thus requiring **no infrastructural investment** on ground
3. **Hyperlocal Point to Point** service with pickup at any station and drop off at any station thus enabling many use cases
4. **Cashless payments** requiring no manual intervention
5. **Solar Powered GPS Enabled** tracking system thus ensuring safety of cycles
6. **Custom designed cycles with near zero maintenance**
7. **Extremely Affordable rides @ Rs.1/30-minutes**

Look forward to hearing from you.

Regards

Manmohan Chachan

Green DDU COLLEGE Public Bicycle Sharing Scheme

75

Potential Revenue Sources

- Revenue from One Time registration fee and rentals from Bicycle sharing
- Using revenues from advertising sites on Cycle Shelters; Branding on the bikes

Length of contract:

This being a project with long gestation period we shall request for minimum 5 years contract to be extended mutually.

Rental Schemes

Greenolution is offering below mention scheme to DDU College

Regular Scheme (30 minutes ride)

- One time registration fee of Rs.100/-
- Initial deposit of Rs.300/- .
- After adjusting Rs.100/- balance Rs. 200/- will be added to users E-Wallet for rental usage.
- All DDU members shall get one ride of 30 minutes Free every day.
- Charges will be applicable @ Rs.5/- for 30 minutes ride and part thereof + GST
- Any damage* to the cycle, any outstanding rent amount will be adjusted with Security deposit amount.

*Any major damage apart from cycle puncture or break wire loosening will be charged from the user as per actual.

Support from DDU COLLEGE

- DDU to provide structure for Bicycle Docking Station at the campus for parking provision of 15-20 bicycles with electric connection at Location.
- The structure of Bicycle docking station will be property of Deen Dayal College. Greenolution shall provide bicycles and mobile app.
- Students have to get the membership form attested by the DDU College administration to apply for membership.
- It should be mandatory that a student who is a member of Greenolution's bicycle sharing scheme gets all dues cleared, if any due amount towards Greenolution (like outstanding rent charges, cycle damages charges, return of membership card) before passing out or leaving DDU College.
- Educate and promote students and staff about Greenolution's Public bicycle scheme in campus.

Provide information about the scheme at special events during Annual festival and other campus ficitlating Principe events, and by posters and other promotional ways in campus.

Deen Dayal Upadhyaya College
 (University of Delhi) Develop a bicycle training program for students and staff on the rules of the road and bicycle safety.

Subject: Support for Non-Motorized Transport in Delhi

Dear Sir/Madam,

I am writing to you today to express my concern regarding the severe air pollution in Delhi. The city is facing a crisis due to high levels of dust, smoke, and noise, which are primarily caused by the use of motorized vehicles. This has a significant impact on the health of the population and the environment.

As a concerned citizen, I would like to propose a solution to this problem. We must look forward to joining hands with DDU College to promote this non-motorized mode of transport. This will help to reduce pollution levels and traffic congestion, making our city cleaner and more livable.

Enclosed is a sketch of a road showing various pollutants. I hope you will consider my suggestion and support our efforts to create a cleaner and healthier environment for all.

Yours sincerely,

Mr. John

Greenolution

9810061523

Maintenance of Bicycles

- The design of the cycle shelters will be designed and erected by Greenolutions.
 - 20 fleet by 2020 fleet along with 20 cycles.
 - The cycle shelter at DDU College will be manned by our staff.
 - DDU College Security to ensure that these cycles are safe in night.
 - The Bicycles will remain Greenolutions property.
 - Bicycles will be unisex by design.
 - Key features include a one-size-fits-all highly durable design;

The system will be simple and reliable, allowing for future expansion to allow for multiple products and other assets and/or additional sites.

University of Delhi

Sub: Proposal for Implementation of Campus Bicycle Sharing Scheme for Deen Dayal Upadhyaya College Campus

Respected Sir,

We at Greenolution are operating Cycle shelters at 8 Delhi metro Stations in Delhi & NCR, promoting "Public Bicycle Sharing Scheme". Bike sharing, or public Bicycle program have received increasing attention in recent years. We have been awarded a contract from DMRC to run this scheme from various Metro stations in Delhi & NCR, which we been operating from last eight years successfully to help commuters reaching to the last mile. We also have a contract with Rajasthan Government to operate public bicycle Sharing Scheme at Jaipur and Ajmer which are under smart city project. We recently got a contract from IIT Delhi to implement Campus Bicycle Sharing Scheme in their campus.

We propose to run similar facility For IGNOU campus.

Scope of the Plan

In the last decade, the Delhi Metro has changed the way we travel and the mass rapid transit system carries more than 25 lakh commuters every day across its network spread over 200 kms in Delhi NCR. Despite all its comfort and dependability, a large section of Delhiites still prefer private transport because the important question of last-mile connectivity still remains unsolved.

DDU College Students can use our Greenolution cycles from Dwarka Sector-14 metro station to reach the university through a quick, healthy and eco friendly mode of transport. A secondary cycle shelter at DDU campus will help them to return the cycle at the shelter on time and save paying extra fair.

Officiating Principal

Respected Sir,

This is with reference to the meeting held with you at your office at DDU College on 18th April, 2018. We, at Greenolution, are pleased to submit this proposal for installing the Cycle shelter at DDU College. We have reviewed all possibilities for a student friendly bicycle shelter at DDU College campus. Our team has crafted a practical approach to conducting an assessment of the feasibility of developing a bicycle shelter program at DDU College.

Goals

Greenolution will work in tandem with DDU College to start an eco friendly transport mode between the DDU campus and Greenolution Bicycle Sharing Stand at Dwarka Sector-14 metro station. We will work towards increasing the number of bicycle trips by:

- increasing the opportunities for cycling through ample provision of conveniently located and affordable bicycles for short term hire,
- making cycling attractive to people who do not have ready access to, or storage for, a bike;
- promoting cycling as a safe, quick, and convenient means to travel to campus. Greenolution will provide maximum support to organize annual cycle rally in coordination with DDU COLLEGE.

Deen Dayal Upadhyaya College
(University of Delhi)
Sector-3, Dwarka, New Delhi-78

With the new app, Greenoullion, the PBS service providers at IIT since 2017, has introduced an operation system that is a combination of both traditional docking station and the dockless sharing system, said Veerendra Chopra, an executive of the company. The students and the faculty can use the GR code at the docking stations and pay following which cycle locks will open automatically, he added.

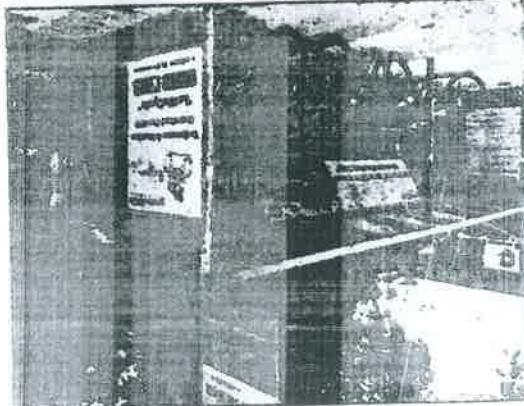

Students are also hopeful that the app, LETUScycle, will increase the number of users., "We face lots of problems commuting in the campuses. Often those who own cycles are fined for not parking at a designated spot. Now they can just take a bicycle from an app-based docking station whenever required," Arynamen Garg, deputy general secretary of the students' council.

Lauding the cheap rent, Garg said this move would further encourage students to move away from the expensive cycle rental services.

New Delhi: To encourage the culture of environment-friendly cycling inside the 325-acre IIT-Delhi campus, the institute has up- graded its public bicycle sharing (PBS) scheme. Students can now access and pay for the bicycles parked at 13 docks through a cus- tomised mobile app. Users will have to pay Rs 2 for 15 minutes. According to Student Affairs Council of IIT, the number of active users, which is now around 600, is likely to go up.

Mohammed.jbar@timesgroup.com

The cycle sharing system is in vogue since 2011.

IT-Delhi gets new app to make cycle sharing popular

18

Support from DDU COLLEGE

- DDU to provide structure for Bicycle Docking Station at the campus for parking provision of 15-20 bicycles with electric connection at Location.
- The structure of Bicycle docking station will be property of Deen Dayal College. Greenolution shall provide bicycles and mobile app.
- Students have to get the membership form attested by the DDU College administration to apply for membership.
- It should be mandatory that a student who is a member of Greenolution's bicycle sharing scheme gets all dues cleared, if any due amount towards Greenolution (like outstanding rent charges, cycle damages charges, return of membership card) before passing out or leaving DDU College.
- Educate and promote students and staff about Greenolution's Public bicycle scheme in campus.
- Provide information about the scheme at special events during Annual festival and other campus events, and by posters and other promotional ways in campus.
- Develop a bicycle training program for students and staff on the rules of the road and bicycle security issues.

Docking Station

Bicycle docking station shall be simple and reliable. Design and Build of the Cycle station or docking point, registration terminals, will be initially for a fleet of 15 bicycles, with the possibility of future expansion to allow for additional numbers of bicycles and other assets and/or additional sites.

- The Design of the cycle shelters will be designed and erected by Greenolution.
- 30 feet by 10 feet along with 20 cycles.

DEEN DAYAL UPADHYAYA COLLEGE

NAAC ACCREDITED INSTITUTION-'B' Grade (CGPA=2.63)

(दिल्ली विश्वविद्यालय) / (UNIVERSITY OF DELHI)

Dated : 07.05.2018

Subject : Proposal for Installation of Bicycle Shelter at our College.

Placed below is the proposal received from M/s Greenolution regarding installation of a Bicycle Sheter in our college premises for the students/staff so that bicycle may be provided to them on the sharing basis between College and Dwarka Sector-14, Metro Station.

This is an initiative to promote non-motorized mode of transport to help Delhi in reducing pollution level and traffic congestion.

Following are the key points of the proposal:

1. The College has to provide space for bicycle docking station for approx. 15-20 bicycles with electric connection.
2. The docking station will be designed and erected by Greenolution. The shelter will be manned by their staff.
3. Students/Staff will be required to take the membership of the Greenolution for availing the facilities.
4. Bicycle can be pickedup or dropped at any docking station.
5. DDU members shall get one ride of 30 minutes fee every day.
6. Bicycle will be given on nominal rates i.e. Rs. 100/- one time Regn. Fee and Rs. 5.00 for 30 minutes ride and part thereof + GST.
7. Any major damage apart from cycle puncture or break wire loosening will be charged from the user.
8. The contract shall be for minimum 5 years to be extended mutually.

Proposed Shelter: The proposal for installation of Bicycle Shelter in the college premises by Ms. Greenolution, New Delhi for the staff and students in order to promote non-motorised mode of transport to help Delhi reduce pollution level and traffic congestion, was placed before the House. It was reported by the Member Secretary that they have proposed to provide the services free of charge for the first 30 minutes and charge Rs. 5/- for subsequent 30 minutes or fraction thereof. One of the members pointed out that there are many such agencies which may provide the same facility with better proposition. The Governing Body authorised Ms. Madhuri Varshney to look for other alternative agencies and finalise the same. The Governing Body further authorised the Chairman, Governing Body to accept the recommendation of Ms. Madhuri Varshney.
