

Report of Inaugural Lecture held on 20.08.2018.

Sanganika, the Computer Science society organized its first lecture for the session 2018-19 on 20th August 2018. Dr. Somitra Kumar Sanadhya currently an Associate Professor at the Department of Computer Science and Engineering from IIT Ropar, Punjab delivered a lecture on "**Purchasing Software with Privacy**". In his introductory talk, he explained the recent trends in the field of cryptography. The mathematical foundations needed for the implementation of various ciphers are also introduced during this session. The session was very informative and explained in simple words which made it helpful for students to explore more in this research area. It was attended by 100 students and 8 faculty members.
