

Teacher's Day Celebration

September 5th, Teacher's day was celebrated in a beautiful and thoughtful way by the students of Department of Electronics under the aegis of SLIZIUM. It was the Students' zeal and fervour towards the day that gave it the respect, the status and the deserving approbation every teacher rightfully deserves.

An initiative taken solely by the students, where the day was dotted with performances including songs and dances both classical and contemporary. Teachers were also involved in various interesting activities and they showed enthusiastic participation and played games like, passing the parcel as well as engaged in various fun impromptu tasks as planned by the students.

The innovative ideas were not only paramount but they successfully strengthened the Guru-Shishya bond beyond the classroom setting. As an icing on the cake, the students presented all the teachers a beautiful collage of the respective teacher with their students. These mementoes were indeed very thoughtful. Sketches and drawings of a typical Electronics class room brought a smile across every face. A day that truly gives the much deserved honour and respect to the teachers. All the teachers were overjoyed and thrilled by this overwhelming gesture by the students following which they arranged refreshments for the students.

It was indeed a memorable day for all.
